商业创新的内涵、价值与类型

说明文 · 商业与经济 · 全文 494 词 · 逐句精读

¹ Business **innovation** is an **organization's** **process** for **introducing** new ideas, **workflows**, **methodologies**, services or products.

商业创新是一个组织引入新想法、新工作流程、新方法、新服务或新产品的过程。

innovation n. 创新

organization n. 组织；机构

process n. 过程；流程

introduce v. 引入；推出

workflow n. 工作流程

methodology n. 方法；方法论

- 2 Like IT innovation, which **calls for** using technology in new ways to create a more **efficient** and **agile** organization, business innovation should **enable** the **achievement** of goals across the **entire** organization, **with sights set on** **accomplishing** **core** business **aims** and **initiatives**.

正如IT创新要求以新的方式运用技术，打造一个更高效、更灵活的组织一样，商业创新也应当使整个组织都能实现各项目标，并着眼于实现核心业务目标、推进核心举措。

call for 需要；要求

efficient adj. 高效的

agile adj. 灵活的；敏捷的

enable v. 使能够

achievement n. 实现；达成

entire adj. 整个的

with sights set on 着眼于；以……为目标

accomplish v. 完成；实现

core adj. 核心的

aim n. 目标

initiative n. 举措；计划

3 Innovation often begins with idea **generation**, **wherein** ideas are **narrowed down** during **brainstorming sessions**, after which leaders consider the business **viability**, **feasibility** and **desirability** of each idea.

创新往往始于产生想法：先在头脑风暴会上对想法进行筛选，之后领导者再考量每个想法在商业上是否可行、能否实施以及是否受欢迎。

generation n. 产生

wherein adv. 在其中；在……中（相当于 in which）

narrow down 缩小（范围）；筛选

brainstorming n. 头脑风暴

session n. （一段）会议；一段时间

viability n. （商业上的）可行性；生存能力

feasibility n. （实施上的）可行性

desirability n. 吸引力；受欢迎程度

⁴ Business innovation should **improve on** **existing** products, services or processes; or it should **solve** a problem; or it should **reach** new **customers**.

商业创新应当改进现有的产品、服务或流程；或者应当解决某个问题；又或者应当争取到新的客户。

improve on 改进

existing adj. 现有的

solve v. 解决

reach v. 争取到；接触到

customer n. 顾客；客户

- 5 Recent examples of business innovation include the **introduction** of the Dyson **vacuum cleaner**, whose **creator** and **namesake** James Dyson **declared** in **advertisements** that he **set out to** build a better product by **applying** **industrial** **cyclone** technologies to the **household** **appliance**.

近期商业创新的实例包括推出戴森吸尘器：其发明者詹姆斯·戴森（吸尘器也以他的名字命名）在广告中宣称，他当初就是想把工业旋风分离技术应用到这种家用电器上，打造出一款更好的产品。

introduction n. 推出；引入

vacuum cleaner 吸尘器

creator n. 创造者；发明者

namesake n. 名称来源；同名者

declare v. 宣称

advertisement n. 广告

set out to 打算（做）；着手（做）

apply v. 应用

industrial adj. 工业的

cyclone n. 旋风分离（器）；旋风；气旋

household adj. 家用的

appliance n. （家用）电器

⁶ The purpose of the business innovation process is to create value for the organization.

商业创新流程的目的是为组织创造价值。

purpose n. 目的

value n. 价值

7 That value can come from creating new **revenue** **opportunities** or **driving** more revenue through existing **channels**; from creating **efficiencies** that save time, money or both; or from **improvements** to **productivity** or **performance**.

这种价值可以来自创造新的收入机会，或通过现有渠道带来更多收入；可以来自提高效率，从而节省时间或金钱，或者两者都节省；也可以来自生产率或业绩的提升。

revenue n. 收入

opportunity n. 机会

drive v. 推动；带来

channel n. 渠道

efficiency n. 效率；提高效率的措施

improvement n. 提升；改进

productivity n. 生产率

performance n. 业绩；表现

8 In short, innovation should lead to higher profits.

简而言之，创新应当带来更高的利润。

in short 简而言之

lead to 导致；带来

profit n. 利润

9 Additionally, the results of an organization's innovation process should yield a competitive advantage; it should help the organization to grow and reach—or, better still, exceed—strategic objectives.

此外，组织的创新流程所取得的成果应当带来竞争优势，帮助组织发展壮大，实现战略目标，最好还能超越这些目标。

additionally adv. 此外

yield v. 产生；带来

competitive adj. 竞争的；有竞争力的

advantage n. 优势

better still 更好的是；最好是

exceed v. 超过；超越

strategic adj. 战略的

objective n. 目标

¹⁰ Innovation and **invention** are **closely linked**, but the two **terms** are not **interchangeable**.

创新与发明密切相关，但这两个术语不能互换使用。

invention n. 发明

closely linked 密切相关

term n. 术语；说法

interchangeable adj. 可互换的

¹¹ An invention is an entirely new creation.

发明是一种全新的创造。

entirely adv. 完全地

creation n. 造物；创造

12 The process of business innovation can **produce** an invention, but the term “innovation” is **broad in scope** and includes the **application** of an existing **concept** or **practice** in a new way, or the application of new technology to an existing product or process to **improve upon** it.

商业创新的过程可以产生发明，但“创新”一词的涵盖范围更广，它既包括以新的方式运用已有的概念或做法，也包括把新技术应用于现有的产品或流程，从而对其加以改进。

produce v. 产生

broad in scope 范围广

application n. 应用；运用

concept n. 概念

practice n. 做法；惯例

improve upon 改进

13 To better understand the **difference**, **consider** this: The telephone is an invention, but the **smartphone** is an innovation.

为了更好地理解二者的区别，不妨这样想：电话是发明，而智能手机是创新。

difference n. 区别；差异

consider v. 考虑；想一想

smartphone n. 智能手机

¹⁴ Business innovation can also **be classified as** either **revolutionary** or **evolutionary**.

商业创新还可以分为革命性创新和演进式创新两类。

be classified as 被归类为

revolutionary adj. 革命性的

evolutionary adj. 演进的；逐步发展的

15 Revolutionary business innovation yields a **drastic** change in a product, service, process, etc., which often **destroys** or **supplants** an existing **business model**.

革命性商业创新会使产品、服务、流程等发生剧烈变化，这往往会摧毁或取代现有的商业模式。

drastic adj. 剧烈的；彻底的

destroy v. 摧毁

supplant v. 取代

business model 商业模式

16 This is also **known as** **radical** innovation.

这类创新也被称为激进式创新。

known as 被称为

radical adj. 激进的；根本性的

17 Evolutionary or **incremental** innovation **involves** smaller, more **continuous** improvements that, while important, are not **drastic** enough to **shift** a company or market into a new **paradigm**.

演进式创新（或称渐进式创新）包含幅度较小、更具连续性的改进，这些改进虽然重要，但还不够彻底，不足以把一家公司或一个市场推向新的范式。

incremental adj. 渐进的；逐步增加的

involve v. 涉及；包含

continuous adj. 连续的；持续的

drastic adj. 剧烈的；彻底的

shift v. 使转变；转移

paradigm n. 范式；模式

18 **Disruptive** innovation is a **category** that **emphasizes** the **destructive aspect** of revolutionary innovation; this term **applies to** business innovation that leads to the creation of a new market that **displaces** an existing one or, **similarly**, a **significant upheaval** in a category of products or services.

颠覆式创新这一类别强调革命性创新的破坏性一面；这个术语适用于这样的商业创新：它催生出一个取代现有市场的新市场，或者与此类似，使某一类产品或服务发生剧变。

disruptive adj. 颠覆性的

category n. 类别

emphasize v. 强调

destructive adj. 破坏性的

aspect n. 方面

apply to 适用于

displace v. 取代

similarly adv. 类似地

significant adj. 重大的

upheaval n. 剧变；动荡

¹⁹ Business innovation, like most business initiatives, has both benefits and risks.

商业创新与大多数商业举措一样，既有好处也有风险。

initiative n. 举措；计划

benefit n. 好处

risk n. 风险

20 Organizations should **recognize** **on the negative side** that the business innovation process can be a **costly** **undertaking** that does not always produce a **return on investment** (ROI); that ideas considered **likely to** succeed could still fail; and that **stakeholders** could **fight** the changes **required** to be successful.

从不利的一面看，各组织应当认识到：商业创新流程可能是一项代价高昂的工作，并不总能带来投资回报（ROI）；被认为有望成功的想法仍可能失败；利益相关者也可能会抵制取得成功所需的变革。

recognize v. 认识到

on the negative side 从不利的一面看；在不利方面

costly adj. 代价高昂的

undertaking n. （艰巨的）任务；事业

return on investment 投资回报

likely to 可能（做）

stakeholder n. 利益相关者

fight v. 抵制；反对

require v. 需要

21 On the other hand, organizations need to weigh those risks against the benefits of business innovation.

另一方面，组织需要权衡这些风险与商业创新带来的好处。

on the other hand 另一方面

weigh...against 把……与……相权衡；权衡……与……

benefit n. 好处
